

## ATLANTIS AQUAVENTURE

### ATLANTIS AQUAVENTURE

In Dubai's Atlantis, The Palm resort, there is a thrilling water park called Atlantis Aquaventure. It provides a variety of water-based amusement rides, activities, and experiences for visitors of all ages. Here is an overview of what you can typically anticipate from a trip to Atlantis Aquaventure as of my most recent update in September 2021:

#### Water slides and rides at Aquaventure

**Leap of Faith:** Feel the thrill of adrenaline as you slide almost vertically through a clear tunnel that is submerged in a lagoon full of sharks.

The largest waterslide tube in the world, the Aquaconda, will take you through turns and loops before splashing you into the pool.

**Shark Attack:** Enjoy a unique and immersive experience as you float down a tube that runs through an aquarium packed with sharks.

**Zoomerango:** Travel up one side of a large wave and then down the other by riding a huge water saucer. Children can have a blast in this interactive water playground that includes slides, water cannons, and a huge dumping bucket at Splashers' Children's Play Area.

#### Wave ponds

**Atlantis Beach:** Unwind on the white sands of Atlantis Beach or cool off in the wave pools, which feature waves that resemble those seen in the ocean.

#### Slow River

**The Rapids:** Take a leisurely float down the sluggish river as you travel through tropical scenery, lush vegetation, and even waterfalls.

#### Access to a private beach:

Access to Atlantis Aquaventure's lovely private beach, The Palm, is another perk. With breathtaking views of the Dubai skyline, unwind on the sand and enjoy the sunshine.

#### Eating and Drinking:

There are many dining alternatives at Aquaventure, including eateries and snack bars, where you may sample a wide range of foods and beverages.

#### Amenities & Lockers:

For your convenience, the water park offers changing rooms, showers, and locker rooms.

# DEVOTION

TRAVEL AND TOURISM

Animal encounters and Guided Experiences:

In addition, Atlantis Aquaventure provides unusual activities like "Cownose Ray Feeding," which allows guests to contact with rays in a regulated setting, and "Shark Safari," which allows guests to wander underwater among marine life.

The Aquaventure Beach Club is available.

You can choose the Aquaventure Beach Club package for a more privileged experience, which offers extra perks including access to a designated seating area, a personal concierge, and refreshments.
