

Dubai adventure tours

Various adventure tours are available in Dubai for thrill-seekers and outdoor lovers. These excursions provide you the chance to experience thrilling activities while exploring the desert, mountains, and rivers that surround the city. Here are some of the most well-liked adventure tour activities in Dubai as of my most recent update in September 2021:

The desert safari

Dune Bashing: Travel through the sand dunes of the desert in a 4x4 vehicle and experience the thrill of dune bashing.

Riding a Camel: Experience a classic camel ride and discover the desert like a Bedouin.

Similar to snowboarding, sandboarding involves gliding down the dunes on a sandboard.

Quad Biking: For an exhilarating adventure, travel through the desert on an ATV (quad bike).

Trekking and Hiking:

Explore the Hajar Mountains near Dubai with guided hiking and trekking tours that provide breathtaking views and the chance to learn about the area's natural beauty.

Go trekking and zip-lining at Jebel Jais, the UAE's highest peak, in the adjacent Emirate of Ras Al Khaimah.

Skydiving:

Tandem skydiving over Dubai's renowned Palm Jumeirah, which offers stunning views of the city and the coastline, is an exhilarating experience.

Rides on hot air balloons

Desert Hot Air Balloon: Flying over the desert at sunrise in a hot air balloon is a special and relaxing way to see the desert environment.

Snorkeling and Scuba Diving:

Join scuba diving tours to several dive sites along the UAE's coastline to learn more about the marine life that exists beneath the surface.

Snorkeling: Explore the Arabian Gulf's vibrant coral reefs and marine life by snorkeling there.

Flyboarding:

Try flyboarding, a water activity that uses water jets to lift you into the air for an exhilarating and different experience.
